

CITY OF SANGER
EMERGENCY SERVICES DIRECTOR EXECUTIVE ORDER 21-03
RELATING TO FRESNO COUNTY CHANGE IN STATUS FROM RED TIER TO
ORANGE TIER

As the Director of Emergency Services pursuant to Sanger City Code Chapter 26, Article I, and by the powers vested in me by Sanger City Code Section 26-6, I hereby issue the following orders, to be effective immediately and for so long as the City's declared emergency is in effect related to COVID-19:

Given current rates of disease transmission in some counties, the Governor for the State of California along with the California Department of Public Health have confirmed a change in tiers for several counties, including the County of Fresno who will now go from the Red Tier to the Orange Tier. These changes include the City of Sanger and will result in changes to certain business sectors as identified in the Blueprint for a Safer Economy dated April 20, 2021.

1. Every county in California is assigned to a tier based on its positivity rate, adjusted case rate, and health equity metric. Counties must remain in a tier for at least 3 weeks before moving to a less restrictive tier. Counties must meet the next tier's criteria for two consecutive weeks to move to a less restrictive tier. If a county's metrics worsen for two consecutive weeks, it will be assigned a more restrictive tier. Read more about [tier assignment rules](#).

2. Activities and businesses that have a lower risk of spreading COVID-19 are allowed to open sooner. Higher-risk activities or businesses aren't allowed until later tiers. An activity or business's tier depends on whether it can:
 - Accommodate mask wearing at all times (for example, eating and drinking requires removing masks)
 - Allow physical distance between individuals from different households
 - Limit the number of people per square foot
 - Limit time that an individual is at the business or activity
 - Limit time of exposure
 - Limit mixing of people from different households
 - Limit amount of physical interactions of visitors/patrons
 - Increase airflow (such as operating outdoors or opening windows and doors)
 - Limit activities that are known to increase virus spread (like singing, shouting and heavy breathing)

3. Effective April 20, 2021 the following will be in effect for the City of Sanger:

4. Any business wishing to re-open, expand operations, or do business in the City of Sanger as part of the County of Fresno, must follow State guidelines for ensuring safety of workers and customers during the COVID-19 crisis. If a business does not believe it can meet the State guidelines, the business must contact the FCDPH with an alternate plan to meet health and safety guidelines. Any alternate plans or regional variances must be approved by the Health Officer before deviating from the State guidelines. Please contact (559) 600-3200 to obtain contact information and instructions about how to proceed.
 5. This Order shall be immediately translated into Spanish, and accommodations made for all disabled persons to read its contents; it shall also be distributed to all local media and made prominently available on the City's website.
 6. Sanger Police Department, Sanger Code Enforcement Department, and other law enforcement authorities cooperating with the City of Sanger, are hereby authorized and charged, to the extent provided by law, with the responsibility of enforcing this regulation. Any violations of this regulations shall be punished as provided in Sanger City Code Section 1-7.

THEREFORE, I, Tim Chapa, as Director of Emergency Services, to help mitigate the spread of COVID-19 and the financial effects related to COVID-19, order the Regional Stay at Home Order be lifted subject to the above conditions and effective immediately within the City of Sanger.
