

# What's Next for Measure C?

The current Measure C provides funding for the transportation needs of Fresno County. Measure C creates greater access for our communities and improves quality of life for local residents by making roads safer, reducing congestion and improving air quality through improvement projects like:

- ✓ Filling potholes
- ✓ Completing road safety projects
- ✓ Constructing bridges and bikeways
- ✓ Keeping public transit fares low for students, seniors, veterans and those with disabilities.

## Get involved!

*We need you to share your thoughts on how Measure C can better serve our community's transportation needs!*

**Your input directly affects which projects will be funded in the next Measure C.**

## You're Invited to a Community Workshop

Tell Us Your Transportation Needs!

### October 26, 2021
